There are four questions that you are required to answer to be considered for a scholarship. This section provides the Scholarship Committee with specific information about you to determine how well you meet scholarship criteria.

For this reason, and because this is a competitive process, you are encouraged to be thorough in your answers.

Please use a separate piece of paper for your answers to the questions. Simply label your document “Part 2” with *your name* at the top. Then, number each of your responses to correspond to the number of the question. You are encouraged to use a computer to complete the narrative to ensure that it is readable. If you do not have access to a computer, check your local public library or visit our Red Wing or Winona campus Learning Resource Centers for access to computers and printers.

1. Professional Goals/College Choice - 150 words or less (0-3 points)
