

The Future of Farming: Lessons from the Tropics

Special Guest: Christopher Nesbitt
Thursday, Feb 22, 2018 • 5pm
MSCS Winona – Tandeski Building
1200 Storrs Pond Road, Winona

Christopher Nesbitt established the Maya Mountain Research Farm in 1988 in the heart of Belize. Join us for a dinner presentation to learn how he used permaculture design and agroforestry to transform a degraded citrus farm into a vibrant food forest that is both economically and ecologically sustainable.

- Registration and Social 5-5:30 pm
- Dinner 5:30 pm
