

# EARN A CERTIFICATE IN AUTOMOTIVE TECHNOLOGY FOUNDATIONS

Earn a certificate in Automotive Technology Foundations while still in high school. MSC Southeast is offering evening classes, that will allow you to graduate with both a high school diploma and an automotive certificate from MSCS simultaneously.

## Automotive Technology Foundations Certificate

Earning college credits in automotive will give you more options upon graduation.

Go right to work as an Automotive Technician you can earn \$14-\$15/hour — plus your employer may pay for diploma or degree completion.

Go to MSC Southeast. Earn a diploma or degree in Automotive Technology. You'll be ready to enter the workforce.
